

Managing nuisance aquatic vegetation on the Highland Lakes

Property owners on lakes Inks, LBJ and Marble Falls are invited to learn about treatment zones for homeowners wanting to manage aquatic vegetation. The residential zone treatment program was introduced in 2015 and will remain the same in 2016. In addition, information will be provided on how to manage lakeside properties to prevent pollution from entering the lakes and fueling nuisance aquatic plant growth.

OPEN HOUSES

Feb. 24, 3 - 6 p.m.

Granite Shoals Fire Hall
8410 West FM 1431
Granite Shoals, TX 78654

March 1, 3 - 6 p.m.

Quail Point Community Center
107 Twilight Lane
Horseshoe Bay, TX 78657

Doors open at 3 p.m. Come and talk with an LCRA representative, and stay for a program at 3, 4 or 5 p.m. Learn how the zone management program works, and find out how you can help prevent the growth of nuisance aquatic plants.
