

~ Tim McClain ~

It is with deep sadness that we write to tell you that the head of the Sunrise Beach Water Department passed away earlier today. Tim had been ill for the past few months with heart issues and in the hospital for several days, but his death was completely unexpected by all of us. Many of you in Sunrise Beach knew Tim not only as the head of our water department but also as someone always willing to do the odd repair, lawn work and other helpful jobs for our citizens.

His wife, Patty, and family members are in deep shock and are attempting to deal not only with the loss of a husband and father, but also the financial impact of his death. Anyone who would like to help Patty and the family may do so by mailing or dropping off a donation to the City of Sunrise Beach offices, 124 Sunrise Dr., SRB, TX, 78643.

Checks should be made payable to Patricia McClain. Any amount is acceptable and would be greatly appreciated. Please keep Tim's family in your thoughts and prayers.
